**Features & Benefits**

**Feature**

Electo combines the entertainment benefit of our FM Radio earmuff with advanced sound amplification technology that allows wearers to hear important communications – other co-workers, alarms and important warning signals – at a safely amplified level, while listening to the radio. Positioned microphones provide more natural, directional hearing. Through advanced response technology, Electo amplifies incoming sounds to 82dB, then acts as a passive earmuff for sounds above 85dB. Digital FM tuning with LCD display High quality FM reception 10 station memory presets Audio input jack; 3.5 mm cable included Radio and audio volume does not exceed 82 dB Sound amplification allows wearers to hear important communication – alarms/warning signals, co-workers' voices Directionally placed stereo microphones amplify and enhance sound for more natural hearing Separate controls for sound amplification and radio volume Lightweight design provides all-day comfort Reinforced fork slides for easy and comfortable fit Features patented Airflow Control Technology - snap-in ear cushions make replacement quick and easy 101 hour battery life from two (2) AA batteries included Helmet version available
