- Utilities
- Wood Industries

**Product Use**

Spectacles for occupational use.

Application to provide high visibility and good contrast in low light conditions. Provides protection against most commonly encountered hazards. Absorbs >99.9% of UV radiation up to 400 nm.

## Features & Benefits

**Feature**

Simplicity "Put it on and GO!"

**Benefit**

Millennia 2G is new to Honeywell's "Put it On and Go" category, designed for those hassle-free workers who don't want to worry about adjustments or moving parts with their spectacles. No need to worry about lengthening temples, nose piece adjustments or ratcheting temples. Simply take the product out of the package, put it on and focus on the job at hand!

**Feature**

Comfort

**Benefit**

Softer, more flexible frame material for superior comfort against the head and ears when worn for all-day wear.

**Feature**

Superior eye and cheek coverage

**Benefit**

Covers the eyes and areas above the cheeks and brow to ensure that the workers are protected from particulates, dust and other impact risks. A greater lens coverage wrap both peripherally and along the cheeks helps prevent particulate risk. A “shelf-like” design element along the brow has been added to help to prevent dust from dropping in between the frame and entering the eyes.

**Feature**

Large viewing area

**Benefit**

Offers panoramic viewing area to see more both frontally and peripherally while working. Less “frame interruption”, which is a typical complaint from end-users when trying to look towards the left, right, above and below to see clearly in all directions.

**Feature**

Nasal comfort and stability

**Benefit**

The comfortable nose pads help prevent the eyewear from slipping off the nose and forcing the worker to have to readjust their eyewear throughout the course of the work day.

**Feature**

Sporty, more modern frame

**Benefit**

Classic and simple in design with a sporty touch to boost worker compliance

**Technical Description**

**Eyewear Type**

SIMPLICITY, COMFORT, SUPERIOR EYE & CHEEK COVERAGE, LARGE VIEWING AREA

**Millennia® 2G**  
**Changing the Eyes of Safety**

# You told us it is time for a change

“ Give us a simple, comfortable pair of eyewear that does not need to be adjusted, that still offers excellent eye and cheek coverage, has great peripheral and panoramic vision, zero slippage in the nasal area and a great style to boost wearer acceptance! ”

**Safety Manager**  
That's why we created **Millennia® 2G**.

## Together, we're changing the eyes of safety

We have listened to you and your workers. You have clearly explained what your needs are and together we have developed **Millennia® 2G**. The newest safety eyewear from Honeywell Safety Product, the **Millennia® 2G** features simplicity, excellent protection, comfortable fit and stylish design.

## NEW to our "Put it On and Go!" category

<b>SIMPLICITY "PUT IT ON AND GO!"</b>	Millennia® 2G is new to Honeywell's "Put it On and Go" category, designed for those hassle-free workers who don't want to worry about adjustments or moving parts with their spectacles. No need to worry about lengthening temples, nose piece adjustments or ratcheting temples. Simply take the product out of the package, put it on and focus on the job at hand!
<b>COMFORT</b>	Softer, more flexible frame material for superior comfort against the head and ears when worn for all-day wear.
<b>SUPERIOR EYE AND CHEEK COVERAGE</b>	Covers the eyes and areas above the cheeks and brow to ensure that the workers are protected from particulates, dust and other impact risks. A greater lens coverage wrap both peripherally and along the cheeks helps prevent particulate risk. A "shelf-like" design element along the brow has been added to help to prevent dust from dropping in between the frame and entering the eyes.

<b>LARGE VIEWING AREA</b>	Offers panoramic viewing area to see more both frontally and peripherally while working. Less "frame interruption", which is a typical complaint from end-users when trying to look towards the left, right, above and below to see clearly in all directions.
<b>NASAL COMFORT AND STABILITY</b>	The comfortable nose pads help prevent the eyewear from slipping off the nose and forcing the worker to have to readjust their eyewear throughout the course of the work day.
<b>SPORTY, MORE MODERN FRAME</b>	Classic and simple in design with a sporty touch to boost worker compliance.
