

# coral 65m

**Theoretical working capacity: 3300 m<sup>2</sup>/h**

Ride-on scrubbing machine, compact and very easy to handle, with two counter-rotating brushes and a working width of 65 cm. Even if the squeegee is very short, it guarantees perfect drying results in any situation.

## TECHNICAL DATA

Ride-on machine with traction

Power supply 24V/240Ah

Cleaning width 660mm

Brushes pressure adjustable max. 60kg

Battery autonomy 3-4h

Solution tank / recovery tank 100/105l

Disc brushes 2x345mm

Brushes speed 190rpm

- Larghezza tergipavimento: 860 mm
- Motore spazzole: 650 Watt
- Tipo di avanzamento: automatico
- Pendenza superabile: 10%
- Motore aspirazione: 580 Watt
- Depressione aspirazione: 160 mbar
- Dimensioni macchina: L: 1520 mm  
W: 730 mm  
H: 1320 mm
- Peso macchina: 238 kg
- Motore trazione: 600 Watt
- Velocità avanzamento max: 5 km/h
- Vano batterie: L: 520 mm  
W: 415 mm  
H: 385 mm
- Classe: III
- Grado di protezione: IP 23
- Rumorosità: <70 dB (A)

Ride-on scrubber, compact, 24V batteries powered and equipped with a double counterrotating brushes brush base with two geared motors and a cleaning width 65 cm, even if it is very short the squeegee grant a perfect drying in every situation. The polyethylene tanks are very thick and ensure a 100 liters detergent solution capacity. The machine works with a 24V voltage and the battery pack has a maximum capacity of 240 Ah(5) ensuring a 4 hours autonomy. The driving seat is ergonomic, provided with digital controls and it indicates the setting and the battery level, the hours the machine worked and the brush pressure set.
